

FIRST STEPS IN CIVIL ENGINEERING RESEARCH FSCER 2025

International Conference for Students FIRST STEPS IN CIVIL ENGINEERING RESEARCH (**July 14th**, 2025)

Presentation Instructions

Language

All the oral presentations should be given in **English or Romanian**, the official languages of the event.

The slides of the presentation should be written in English.

Presentation Time

A presentation should last for no more than 10 min.

File Formats and Filename

Please create the presentation in pptx format and save it also in pdf format. Upload the pdf format (max 2 Mb) thorough the link

<https://revista-constructii.univ-ovidius.ro/openconf/openconf.php>

or send it by e-mail

civil.engineering.annals@gmail.com

by **07/07/2025**.

The .pdf file should be saved as

Presentation_FSCER_Name

Presentation Structure

The presentation will be given by the use of the pptx format.

Maximum number of slides is **15**.

We recommend the content to be structured according to the following parts:

title, introduction, methods, results, discussion, conclusions and future directions of research, references etc.

Use large fonts and avoid large text blocks on a slide.

Online Presentation Platform

The Conference will be held in onsite and online format.

For on-line participation click on the link below
